## PROJECTS

---

### **PokeWar - Turn-Based Online Multiplayer Game** | <https://github.com/bell-peppers/PokeWar>

*Role: Project Manager & Tech Lead - 8/2021 - 9/2021*

- An online turn-based multiplayer game built using React/Redux and deployed on Firebase.
- Implemented in-game real-time chat by leveraging the Firebase real-time database.
- Designed and created the majority of the game logic, design, and overall functionality.

### **Ray's Kitchen - Ecommerce Website** | <https://github.com/Brownie-Batter/graceshopper-project>

*Role: Lead Developer - 8/2021*

- Full-stack eCommerce application built using the PERN stack and Material UI.
- Utilized JSON Web Tokens and localStorage to store encrypted user information client-side.
- Built out a variety of feature slices from database models to front-end functionality.

### **Drink Randomizer - Single Page App** | <https://github.com/Malessi5/Stackathon>

*Role: Sole Developer - 8/2021*

- Full-stack application constructed with Firebase, Express, React, and Node tech stack.
- Developed REST APIs connected to the Firestore database, deployed app on Firebase.
- Implemented Firebase user authentication and Google sign-in.

## EXPERIENCE

---

### **Fullstack Academy – New York, NY**

*Software Engineering Teaching Fellow*

*Sept 2021 - Current*

- Provide educational support, mentorship, and guidance to software engineering students.
- Review, grade, and provide feedback on student's submitted code, full-stack projects, and homework.
- Guide student teams as acting Project Manager towards successful completion of various full-stack applications.

### **Movable Ink – New York, NY**

*Account Executive*

*July 2019 - Nov 2020*

- Identified areas of opportunity where leveraging our MarTech SaaS platform would drive efficiencies and solve problems within clients' tech stacks.
- Communicated strategic recommendations, launch plans, proposals, and in-depth ROI analysis to drive value and success for prospective and current clients.
- Built and maintained positive relationships with various client stakeholders and cross-functional teams.

### **Movable Ink – New York, NY**

*Strategic Account Representative*

*Nov 2018 - June 2019*

- Consistently attained or exceeded quarterly quota resulting in promotion to Account Executive in 7 months.
- Identified areas of opportunity to drive efficiencies and value within prospects' email and website tech stacks.

### **Movable Ink – New York, NY**

*Business Development Representative*

*May 2018 - Nov 2018*

- Named Top Performer during my second quarter in the role, leading to promotion within 6 months of hire.
- Researched, contacted, and qualified new business opportunities through email, calls, and LinkedIn.

### **Spotluck, Inc – New York, NY**

*Community Manager*

*Mar 2017 - Dec 2017*

- Spearheaded numerous area launches by acquiring accounts, training new clients on the software, and provided consistent client support.

*Early Career: Retail Account Manager, The Gambrinus Company | Field Sales Representative, Monster Energy*
